I am a web developer based in Berlin, with a rigorous training in pure mathematics and analytical philosophy from Oxford University. I have been programming professionally for a year and quickly moved to a mid-level position. I am looking for a friendly environment where I can continue developing my skills and draw on my diverse background to contribute to projects beyond their technical aspects.

## TRILINGUAL

**German** Mother tongue  
**English** Philosophy studies at Oxford  
**French** 12 years of education in France

## SKILLS

Node.js, ES6, ES7  
HTML, CSS, React, Redux
